Quality & Commitments

Whether with regard to its employees, clients or suppliers, Newrest is committed to excellence in essential areas: the taste and dietary balance of meals, the quality and safety of products and services, respect for human rights and working conditions, as well as the environment, and the fight against corruption. Newrest also strictly complies with international standards and recommendations and takes all measures required to ensure conformity.

Graduate program!

The Graduate Program

Are you a young university graduate who wants to receive training for a position at Newrest? Newrest offers you:

- A one-year contract in France or abroad
- Quick acquisition of skills
- Fast track careers
- Daily presence in the field, working closely along with operations
- Regular assessment of acquired skills to guarantee continued progress
- International career opportunities

Specific features of our program

We recruit young graduates

Fresh out of university or after a few years of experience.

We offer targeted training

Hotel management school, agri-engineer, supply chain, business school, finance, etc.

We accept diverse profiles

Our participants are not afraid to challenge themselves and have the ability to learn and develop an enterprising mindset.
